

Charge Conference Report for “Lisa” Lorna Carter- Nordlander
November 19, 2022

I retired from Sutter Medical Center, Sacramento in January 2021. At Sutter, I was the Director of Spiritual Care Services and an ACPE Educator overseeing the Clinical Pastoral Education training program. In my retirement I have continued to serve on the Los Rios District Committee for Ordained Ministry. My husband and I also purchased a home in Kilmarnock Virginia where we will be living more than half of the year. In Kilmarnock, we began attending and financially supporting the Rehoboth UMC. However, as this church has begun the process of separating from the UMC, we will need to reconsider our involvement and support. While living in Sacramento during the winter months, we will be attending The Table Central UMC, as well as other UM churches in the area.
