

Restoration at The Table

rooted in grace | growing in faith | reaching in love | giving generously

BLACK LIVES MATTER

Restoration at the Table began in **2019** as our community of faith embarked on a bold initiative to address decades of deferred maintenance in hopes of ensuring our facility could meet our growing community of faith's needs for generations to come.

Five years later, we celebrate the inspiring progress of **Restoration at The Table** which is enabling us to root our lives in grace, grow in faith, & reach in love!

2019 Pledges to Restoration at The Table

4 phases identified

Phase 1:
ADA + Campus Exterior

Phase 2:
Bathrooms + Parking Lot

Phase 3:
Kitchen, Lighting, &
Technology

Phase 4:
Looking to the Future

67 commitments

families or individuals
made financial
commitments to support
Restoration at The Table
through 2023.

\$680,000 pledged

pledged to
Restoration at The Table.

2020 Pivot

We planned to start with the courtyard and campus exterior, but shifted our focus indoors as our landscape design faced permit delays and then global pandemic closed down our building.

Steps removed

Our first project focused on replacing the steps just outside of the Sanctuary with an ADA accessible ramp in hopes of better practicing hospitality.

Ramp installed

Asbestos mitigated

With the building closed, we abated toxic materials, installed energy efficient lighting, re-built stairwells, and installed new flooring.

Flooring installed

Lighting & technology upgrades for hybrid worship

Expansion & Renovation of A Frame Restrooms

The two small restrooms with residential plumbing fixtures in the A Frame were expanded & renovated. The modern new space now includes two ADA toilets, four children's toilets, beautiful new sinks, and additional storage space.

Expansion & Renovation of East End Restrooms

The East End Restrooms which desperately needed a makeover have been beautifully restored with 2 new ADA accessible, four magnificent new all gender restrooms, much-needed additional storage, & washer/dryer unit for hospitality.

Kitchen Remodel

The 1959 church kitchen was expanded & refashioned as a commercial bakery. Rize Up, a fast growing San Francisco based Black-owned bakery focused on reinventing and rethinking the traditional sourdough, will soon begin baking in our kitchen—fulfilling our dream of providing healthy, sustainable food for our city and nourishing our local commonwealth by providing jobs for our neighbors.

Celebrating the progress of Restoration at The Table!

\$780,000

in generous giving, grants,
and other sources has
been raised to date for
Restoration at The Table.

\$670,000

invested to date on
indoor projects for
Restoration at The Table.

\$110,000

remains availability for
Restoration at The Table
as we look ahead.

The next phases of Restoration at The Table include:

Landscaping

Renovate courtyard & lawn by replacing hardscape, addressing drainage issues, & creating drought-tolerant, sacred outdoor

Replace Boiler

Replace the recently failed 1950's boiler for the A Frame with an energy-efficient alternative heating & cooling unit.

Install Solar

Adding solar will provide climate-friendly, sustainable energy for our facilities and reduce our annual utility costs.

Resurface Parking Lot

Thank you!
